

DKE PARTS PVT. LTD.

Manufacturer and Exporter of Fabricated
and *Machined components for Automotive,
Railways* and other Industrial applications

A photograph of two business professionals in a modern office. One person is seated at a desk with a laptop and a tablet, while the other stands next to them, pointing at the tablet. The background shows a glass wall with many sticky notes attached to it, and bright sunlight is streaming in from the right, creating a warm, professional atmosphere.

Who we are ?

AWARDS AND ACCOMPLISHMENTS

THE JOURNEY

DK Dies: A Legacy Born

D.K. Dies & Tools, est. in 1979 by our visionary Founder Mr. Krishna Verma, to serve the precision engineering needs for complex dies & tools.

D.K. Exports: A New Chapter

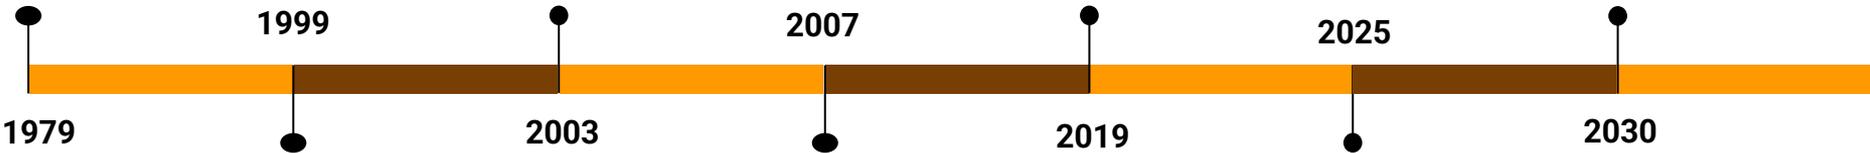

D.K. Exports: Leveraging engineering expertise, partnering with UK OEM for automotive seating assemblies & components.

Working With COVID

D.K. Exports: Under Mr. Kunal K Verma's leadership, expanded globally, producing precision components. Braved COVID-19, adapted, and flourished, ensuring uninterrupted exports and innovation

The Vision Forward

DKE Parts Pvt. Ltd. 2030: Partnering with 25+ countries, top OEMs & innovators, empowering global industries through precision engineering & sustainability.

DK Dies FESTO collaboration

D.K. Dies became Festo's authorized distributor for North India, making cutting edge German automation solutions accessible for the growing Industries

D.K. Exports: A New Horizon

The ISO-certified company, under new leadership by Kunal K. Verma, expanded globally, producing precision engineering components and hydraulic cylinders.

Today We Stand

From our roots as D.K. Exports, advancing with CNC machines, hydraulics & fabrication – we now grow as DKE Parts Private Limited, with wider opportunities, stronger trust, limited liability & higher growth potential.

A close-up, low-angle shot of a globe. The globe is tilted, showing the continents of North and South America. The text 'Whom do we do it for?' is overlaid in white, bold, sans-serif font across the lower portion of the globe. The background is dark and out of focus, with warm, bokeh light spots in shades of orange and yellow. The globe's surface is detailed with country names and geographical features.

Whom do we do it for ?

What do we do?

Manufacturer
of Fabricated
Storage Cages

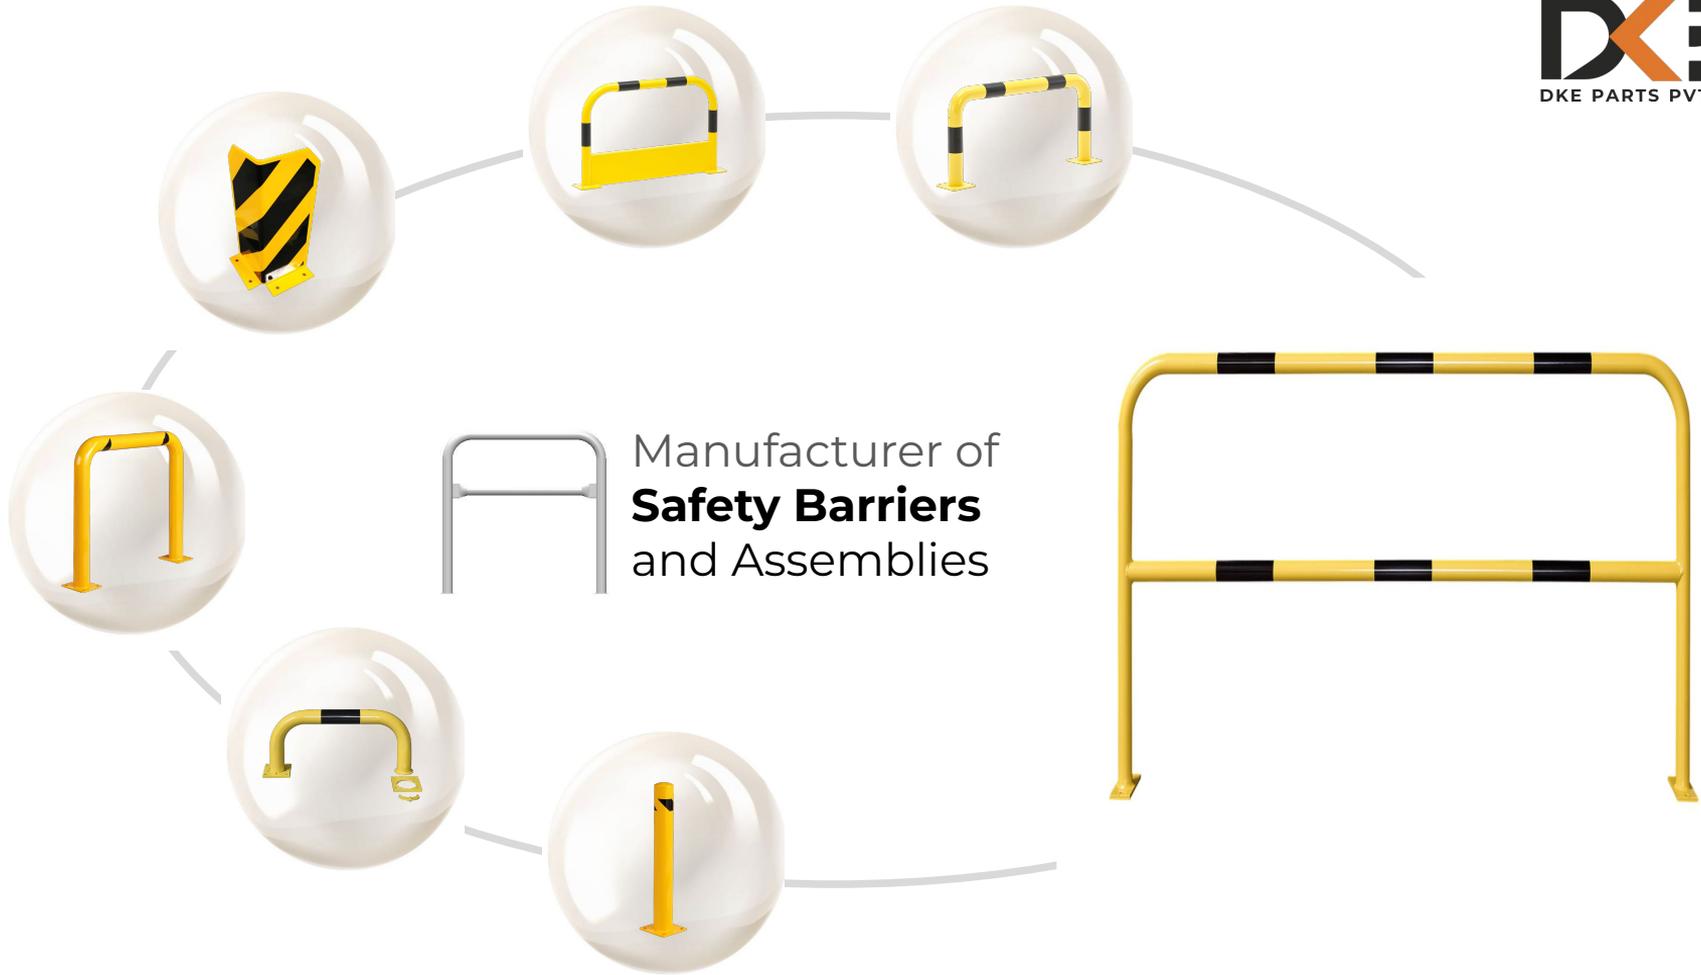

Manufacturer of
Material Handling
components

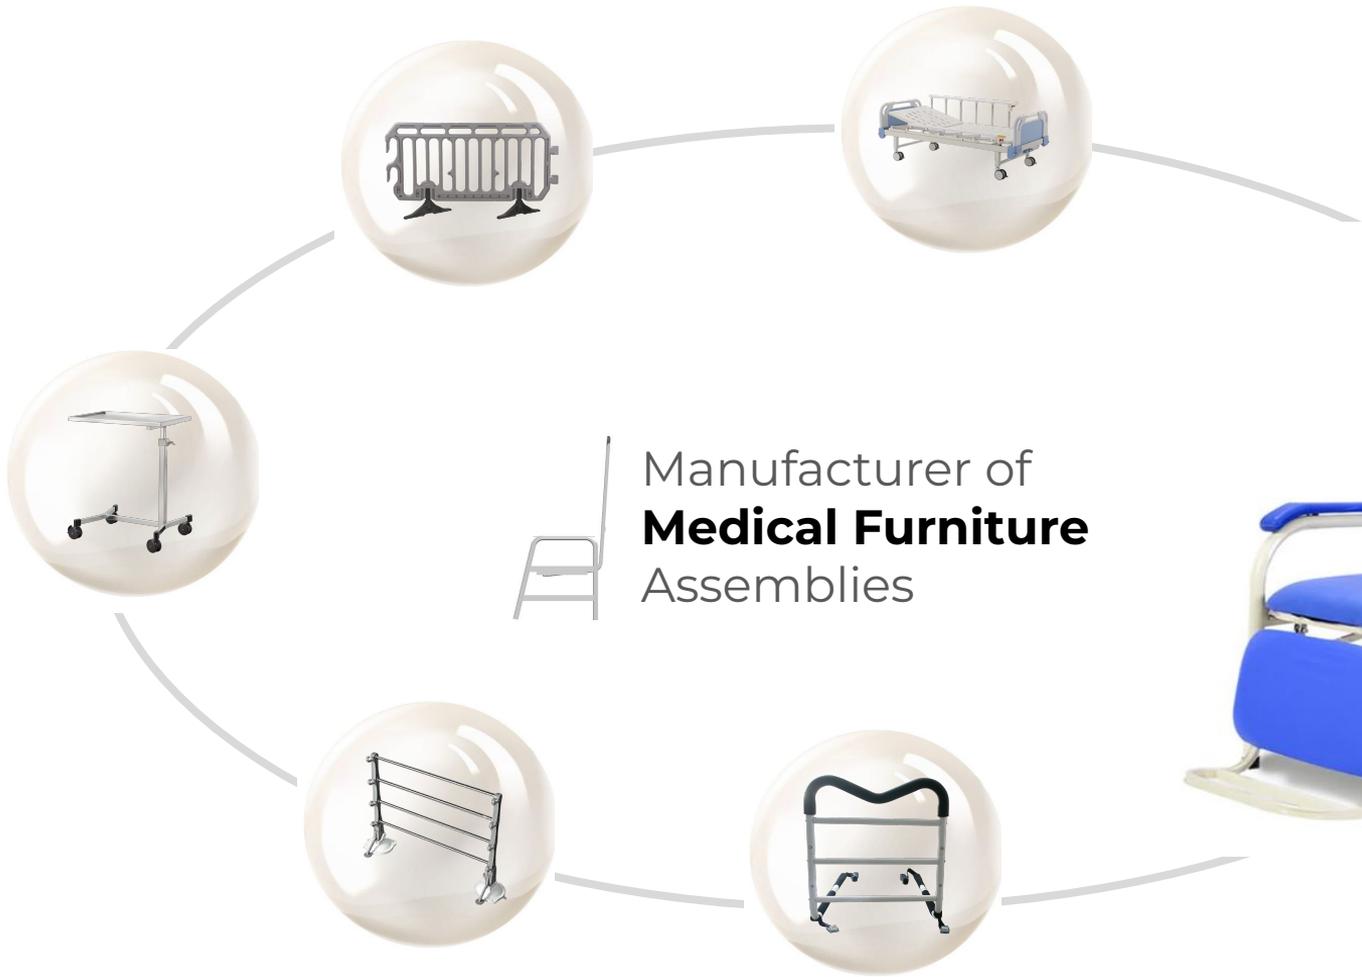

Manufacturer
of Furniture
Assemblies

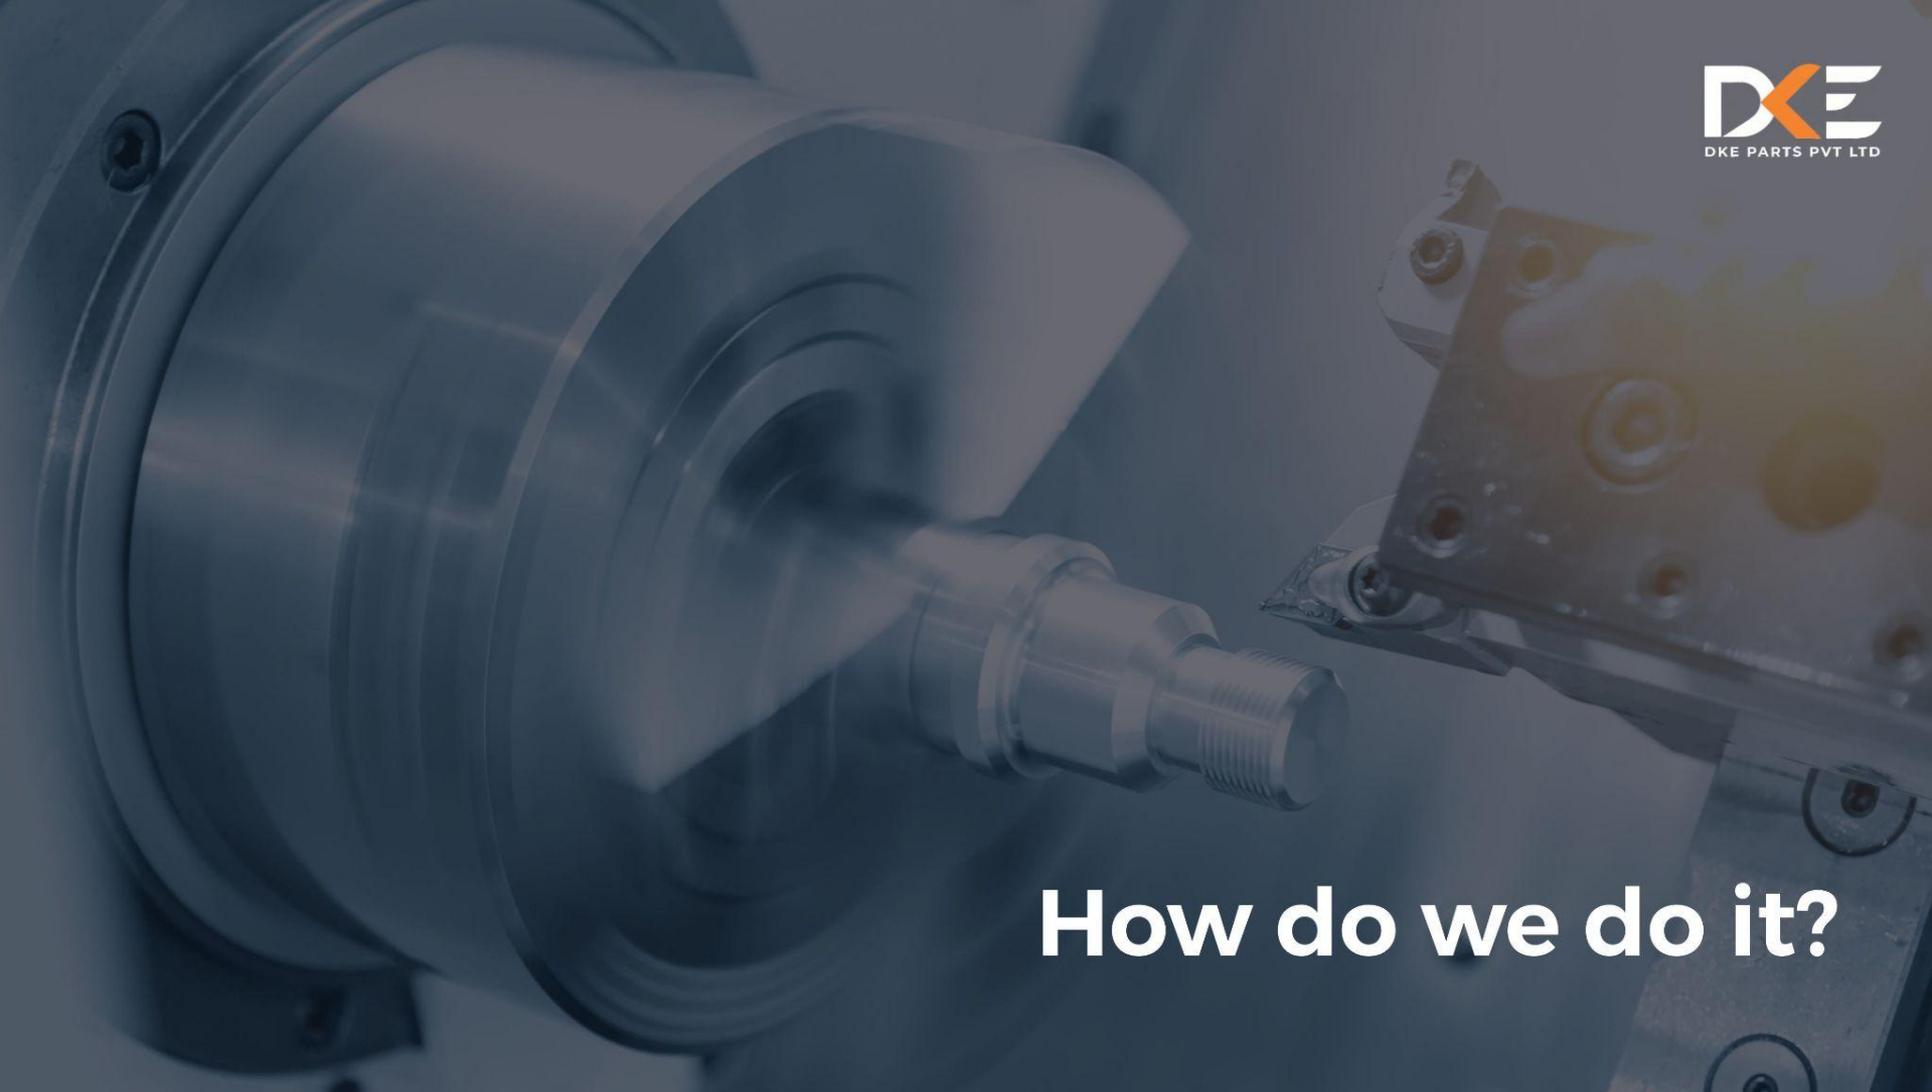

Manufacturer of
Medical Furniture
Assemblies

How do we do it?

Hassle Free One-Stop Manufacturing Solution for custom components

State-of-the-Art Machining Capabilities

Our expansive machining facility contains advanced CNC turning centers from leading manufacturers like Mazak and LMW, featuring 4 to 6 foot beds for high-precision machining of components.

Comprehensive Sheet-metal Forming Capabilities

Our sheet metal shop contains a wide range of single and double action mechanical and hydraulic presses from 10 to 100 tons for precision forming and stamping of sheet metal components.

Complete Welding & Metalworking Capabilities

Our facility is equipped with an extensive range of MIG, TIG and arc welding machines for fusion welding of mild steel, stainless steel, and aluminum.

In-house Painting, Powder Coating, & Finishing Facilities

Our painting and powder coating facility allows us to apply high-quality finishes in a variety of colors and textures. We have the capabilities to paint and powder-coat parts of most sizes and configurations.
